Low Licenses. By the action of the City Council, the price of City license to sell liquor has been fixed at \$325 per annum.payable quarterly in advance. The State tended by a number of the youn and county license is \$150 and the people. government gets \$25. The cost of issuing is \$2.50, so the total cost for selling will be only \$502 50 a year At this price we are sure to be overrun with countless numbers of low doggeries and disreputable dives, about on a par with the present "blind tigers." Indeed the proprietors of these holes of crime are almost without exception making their arrangements to continue business, under li cense, at the same stands. In making this possible, the City Council has made a serious mistake.
